

Yusistely Luna Romero

QA Engineer Jr.

(+52) 722-160-4909 | yusistely.luna@gmail.com | linkedin.com/in/yusistely-luna-iis | Toluca, México

PROFESSIONAL PROFILE

QA Engineer Jr. in training with a background in quality management systems (ISO 9001, ISO 27001) and hands-on experience in manual testing, test case design, API testing with Postman, and defect management using JIRA. Committed to ensuring software quality from an analytical and detail-oriented perspective, with strong teamwork skills and effective communication with technical and business teams.

TECHNICAL SKILLS

Manual Testing | Test Case Design | Test Planning | API Testing | Postman | JIRA | Bug Tracking | Functional Testing | Regression Testing

PROJECTS

Web Application Testing – Urban Routes | TripleTen Bootcamp (2026)

Executed functional and UI testing for a car-sharing web application across two environments (Chrome 800x600 and Firefox 1920x1080), covering design validation, payment form functionality, and booking logic.

Tools: JIRA | Cross-browser Testing | UI Testing | Functional Testing | Equivalence Partitioning | Boundary Value Analysis

Result: Identified and documented 27 defects in JIRA out of 96 test cases executed.

API Testing – Urban Grocers | TripleTen Bootcamp (2026)

Designed and executed test cases for a REST API, validating kit management and delivery service endpoints through functional, boundary value, and error handling scenarios.

Tools: Postman | JIRA | REST API Testing

Result: Identified and documented 38 defects across 60 test cases executed.

PROFESSIONAL EXPERIENCE

TripleTen Bootcamp | México | Junior QA Engineer

01/2026 – Present

- Designed and executed test cases for web applications, identifying and documenting 27 functional and UI bugs in JIRA.
- Performed API testing with Postman across multiple endpoints, validating responses and error handling, and documented 38 defects in JIRA.

Tupperware México | Lerma, MEX | Quality Management System Manager

04/2024 – 01/2026

Manufacturing company – plastic consumer products

- Automated non-conformity notifications and recurring closure reminders using Microsoft Power Automate, reducing average closure time from 12 to 3 months and improving on-time closure rate from 30% to 90%.
- Spearheaded more than 10 quality, social, and environmental audits achieving a 15% reduction in internal non-conformities, eliminating all critical findings in external client and licensee audits, and improving a key customer's Good Manufacturing Practices audit score from 92% to 98%.
- Drove continuous improvement of the Quality Management System used by more than 50 employees by resolving internal quality complaints through root cause analysis; led ISO certification Phase 1 approval, leaving all documentation ready for a successful Phase 2 audit.

Total System Services de México | Toluca, MEX | Administrative IT Coordinator

08/2018 – 04/2024

IT services and software development company

- Identified and documented 10–30 defects during manual QA testing for an internal Finance Department system, coordinating bug resolution directly with the vendor through structured defect reports.
- Supported the Software Development team in implementing ISO 27001 requirements, acting as Internal Auditor and driving full certification, an achievement formally recognized by the external auditor to Senior Management.
- Led IT projects in collaboration with technical and business teams to strengthen information security compliance with ISO 9001:2015, ISO 27001:2013 and PCI-DSS standards.

DuPont Productos Agrícolas | Lerma, MEX | Warehouse Supervisor

05/2017 – 08/2018

Agricultural chemicals manufacturing

- Led a team of 20 people ensuring compliance with ISO 9001:2015 standards and supply chain performance metrics.
- Secured ISO 9001:2015 recertification by implementing turtle diagrams and risk analysis across warehouse operations, ensuring full compliance with the updated standard requirements.

DuPont Productos Agrícolas | Lerma, MEX | Production Supervisor

01/2011 – 05/2017

- Led a team of more than 30 people to achieve safety, productivity, quality, and cost objectives in manufacturing operations.
- Conducted more than 20 internal ISO 9001 audits across both roles, ensuring sustained compliance with quality management standards.

Procter & Gamble Planta Vallejo | Mexico City, MEX | Process Engineer

03/2010 – 12/2010

- Analyzed production waste and led the material supply team to generate improvement action plans.
